

# Commercial Doors Accelerated

USA WOOD DOOR

# Streamline the Door Experience

Since 2000, we've provided our customers with an accelerated commercial door buying experience, offering expert solutions to help keep your projects seamless and successful. As your partner, we'll continue to help you stay focused on your business goals, not logistics.

**For us, quick door delivery is so much more than an offering — it's what we're built to do.**

# Solutions Tailored to Your Needs

During every step of the commercial door ordering process, we will ensure that you receive exceptional service and personalized solutions to help your projects stay on track.

## CUSTOMER-FOCUSED SERVICE

We're here when you need us. We'll guide you to the right commercial door solutions by pairing technical expertise with project requirements to deliver accessible and exceptional service at every point in the ordering process.

## READY-TO-SHIP OPTIONS

Our ready-to-ship inventory gives us the ability to get you the doors you need on your schedule. Each of our distribution locations stock the most popular species in both rated and non-rated doors. So we can get you the solutions you need—quickly and easily.

## TRUSTED EXCELLENCE

Precision and quality are engrained into every step of the machining and building process. With nearly 20 years' experience, we deliver beautiful, consistent results with our controlled finishing techniques so you always receive complete, worry-free door systems.

## PURPOSEFUL RESPONSE

Our team is focused on your success. When there's a concern, we solve it on-the-spot. At the end of the day, we strive to help you stay on schedule with attentive service and quick delivery that's accurate and damage-free.

# Increased Coverage Means Direct Delivery

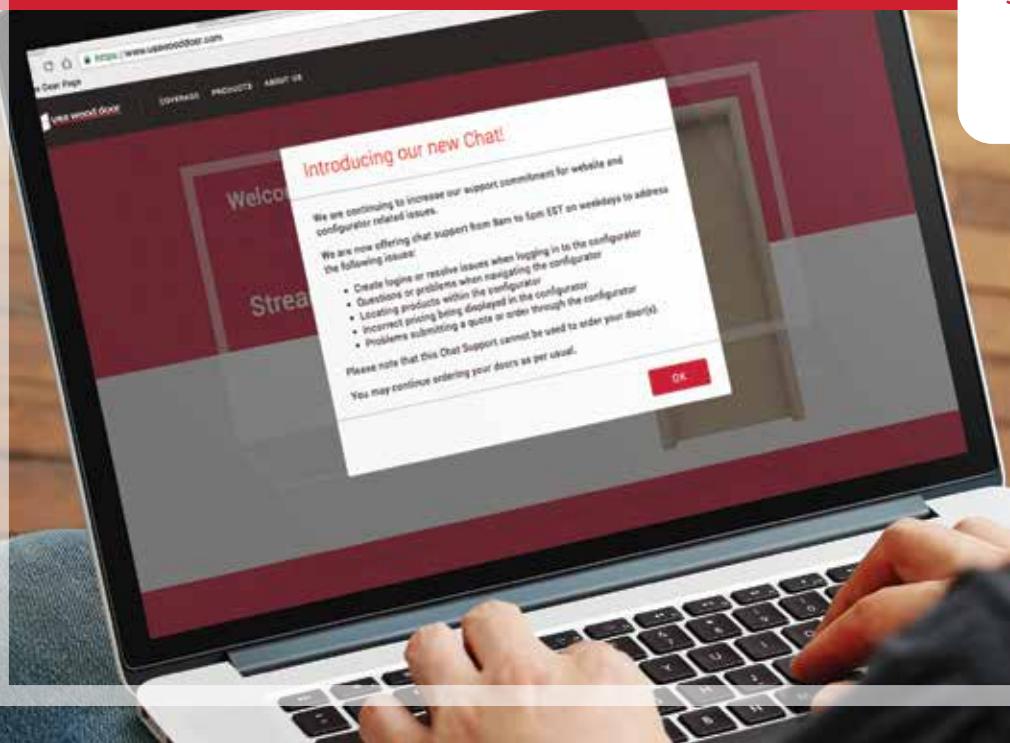

Our team is here to help you get the products you need, directly to your job site. We service customers across the United States from our conveniently located distribution centers. No matter the scale or demand, we guarantee speed, excellence and flexibility during every step of the commercial door buying process.

## WE HAVE OUR OWN FLEET

Every order is delivered direct to you on our regional trucks to help you get the best experience possible.

When we control the shipping process, you get:

- ✓ **Faster door delivery**
- ✓ **Consistency in execution**
- ✓ **Lower risk of damage**

Plus, if you need delivery outside of our metropolitan markets, we can LTL products directly to you.

# Get the Doors You Need On Your Schedule

We stock our inventory with the most popular door options and accessories in each region, using state-of-the-art machining and tooling to deliver customized commercial doors—fast. We also have the capability to create virtually any elevation including divided lites, panel inserts and custom glass. Plus, our factory finishing techniques ensure outstanding consistency—every time on every door.

# Our Comprehensive Offering

## WOOD DOORS AND FRAMES

We have one of the largest inventories of wood doors and frames in the industry. Our extensive stock of popular wood species and machining techniques allow us to provide custom doors and frames that meet the needs of virtually every opening.

## HOLLOW METAL DOORS AND FRAMES

If your project calls for metal doors, we've got you covered. Our offering includes a full complement of metal doors and frames that meet the requirements of virtually any opening—from fire-rated cores to energy cost savings.

## COMMERCIAL HARDWARE

We have all the commercial hardware you need, in stock, across all of our regional locations. Work with our team to choose the right options to help you meet ANSI standards. And if you need the hardware installed on your door, let us know and we can make it happen.

\*Swatches shown in our Rotary Natural Birch veneer.  
Actual colors may vary depending on wood species.

## Factory Finishing Ensures Beautiful Results—Every Time

All of our wood doors can be factory-finished in your choice of stain. You pick the wood species and we'll help you select the finish that will match the look of your unique environment.

### BENEFITS OF FACTORY FINISHING INCLUDE:

- ✓ Consistent uniform clarity, color, texture and sheen
- ✓ Automatic door warranty protection
- ✓ Smoother finishes free of surface impurities
- ✓ Environmental and regulatory compliance
- ✓ Prevent damage from adverse job site conditions
- ✓ Superior service and problem resolution

## Doors Built to Match Your Opening

We combine technical know-how, state-of the-art equipment and unparalleled commitment to excellence to handle all of your commercial door needs. From a basic paint grade door with hinges and a cylindrical lock, to a high-profile cherry or African mahogany door with pivots, an electric security lock and a custom lite layout, we can machine and finish the custom openings you need to make every project a success.
